Name: Margie King  
City: Shoreline

We have a neighbor who put their house on the market in early March. The first weekend's Open House brought them an almost-full-price offer. The buyer then got "nervous about the jail" and rescinded their offer. Just the Threat of having a jail in our neighborhood is impacting the neighborhood already. I want to reiterate - the Shoreline potential jail site is No Place to House a Jail. Please see to it that it is removed from consideration.
